

PRESIDENT HARDING REMINDS LEGION MEN OF RESPONSIBILITY

Tells Ex-Service Men at Marion That Destiny of the United States is in Their Hands—Holds up History of the G. A. R. as An Example of What American Legion Can Do

(By The Associated Press)
MARION, O., July 5.—So long as the American Legion is consecrated to the preservation of the constitution and of law and order, the American republic is everlastingly secure, President Harding asserted in a brief address today to several thousand world war veterans who held a reunion here.

Reminding them that they were now charged with a greater responsibility than they were on the battlefields of France, Mr. Harding declared the destiny of the United States was in the hands of former service men.

"I have no hesitancy in saying," he added, "that it is in good hands."

The president started off his last day among the home folks with a morning round of golf on the new links here with O. S. Rapp, a close Marion friend, General Pershing and Charles G. Dawes, former budget bureau director. After luncheon at the home of C. B. Kling, Mrs. Harding's brother, the president went to a reviewing stand to witness the service men's parade, which depicted various stages of Marion's history.

ENGLAND'S BENCH SAID FAREWELL TO JUSTICE W. H. TAFT

Noted Men Pay Tribute to Taft's Legal Accomplishments

(By The Associated Press)
LONDON, July 5.—England's bench and bar said farewell to Chief Justice Taft tonight. The leading members of the Middle Temple, Britain's foremost training center of lawyers tendered him an imposing testimonial in the ancient hall where Shakespeare acted before Queen Elizabeth and where three signers of the Declaration of Independence took legal degrees.

Ambassador Harvey Home Secretary Short, Lord Carson, Lord of Appeals, Viscount Haldane, Lord Chief Justice and Mr. Justice Darling, among others, were present. Mrs. Taft and Mrs. Harvey sat in the gallery.

Lord Birkenhead, Lord High Chancellor, who was toastmaster, reviewed Mr. Taft's career, coupling his legal accomplishments with sagacity and statecraft with the story of his life.

Only three Americans, Choate, Levering and Davis, he called attention to the fact that there had been only seven chief justices of the United States since the foundation of the republic and said they appeared to be longer lived than England's jurists. He hoped Mr. Taft's tenure of the highest bench would be longer than his presidency. The English bench and bar desired that Mr. Taft should return to the United States not as a statesman, judge or lawyer, but as a warm friend and brother of his fellow benchers of England.

Is Deeply Moved.
The chief justice was deeply moved by the overwhelming reception. He could not express the gratitude he had in his heart, but realized that this greeting was tendered him in his capacity as representative of the American people. He referred to Great Britain as the great colonial empire of the modern world; everybody knew the inestimable service she had given oppressed and alien races. England had shown the world that there was such a thing as justice between man and man, which is blind and knows no favor.

Mr. Taft explained the powers and operations of the American supreme and federal courts; the procedure, the required drastic reform if speedy justice was to be secured. The English judicial system, he continued, excited the profound admiration of American jurists and lawyers. The chief feature of that system was the opportunity it gave litigants to get together before a case was called in court, and it acquainted each party with what the other was going to do, reducing to the lowest terms the labor required to develop an issue before the court.

At the conclusion of the dinner the entire assemblage arose and gave Mr. Taft three cheers, sang "For He's a Jolly Good Fellow," and wished him "God Speed."

Jefferson, Wis., July 5.—Adam Segatch, 14, son of Mr. and Mrs. John Segatch, was drowned this afternoon while swimming in Rock River.

During the 45 minutes wait for the procession to start, Mr. and Mrs. Harding were serenaded by the Buckeye Republican Glee club of Columbus.

The president entered into the spirit of the pageant with the enthusiasm of a school boy. He grinned broadly when a float passed on which a Colonial mother was rocking a cradle placarded with a sign: "No flapper rocked in this."

An old prairie schooner, drawn by 20 mules, and a dilapidated rural frontier wagon in which there was a smoking stove, also caused the president to smile. Both the president and Mrs. Harding applauded when an automobile occupied by a war veteran, his wife and baby girl passed. On the machine was a placard announcing that the child was "the first American baby born on the Rhine."

Speaking extemporaneously the president addressed the war veterans for about five minutes. He paid tribute to the G. A. R., declaring it had played a "wonderful part" in American history in the past 50 years.

Nothing has happened during that time, he added, which did not have the conscientious sanction of that organization.

General Pershing declared the American Legion creed could be endorsed by every one without reservation and urged members of the legion to live up to its standards.

Hanford MacNider, national commander of the American Legion, and Eddie Rickenbacker, an "ace" aviator during the war, also spoke briefly.

The presidential party is expected to leave Marion tomorrow morning on its return trip by automobile to Washington.

PROHIBITION AGENT OBTAINS EVIDENCE

(By The Associated Press)
CHICAGO, July 5.—Despite death threats, William Yasella, prohibition enforcement agent who obtained evidence against scores of cafes and cabarets while posing as an Italian count, today continued his raids. He visited four places last night and arrested five men for alleged violation of the prohibition enforcement law.

The "count" told United States Commissioner Mason at the hearing of more than 50 men and women seized in raids Saturday night and Sunday that he received a number of warnings that he might "get knocked off."

FREE STATE TROOPS TAKE STRONGHOLDS FROM INSURGENTS

Success Was Attained However, Only at Great Cost of Life

(By The Associated Press)
DUBLIN, July 5.—The siege of the strongholds of the insurgent Irish forces was virtually ended tonight with the surrender of small groups of the men who had been fighting for the past week behind the barricades, and the capture of one of the principal leaders, Cathal Brugha, former minister of defense. But the success of the national cause has been purchased at the cost of blazing buildings and terrible destruction in O'Connell street, to say nothing of the loss of life and the many seriously wounded.

There is still no information as to the whereabouts of Eamon De Valera, who apparently has escaped from the free states' net. In the later afternoon, when 10 buildings including three hotels were aflame, the remainder of the irregulars, driven into the Granville Hotel, with fire on all sides, still maintained a desperate resistance with automatics and rifles, but it was seen that they could not long delay the inevitable end.

The final attack by the free state troops commenced at Midday. The regulars adopted the desperate plan of bombing the insurgents out. A bomb was hurled into Hammam's hotel and soon faint wisps of smoke crept thru the shattered windows and suddenly a burst of flames in front, followed by dense volumes of smoke. The flames spread swiftly, and the fire brigade hurried to the scene. A fusillade from the Granville Hotel compelled them to retreat. The fire attacked the shops adjoining the Hammam and in less than two hours the roofs had collapsed. Three buildings were destroyed, their ruin being hastened thru the flames reaching stores of bombs and ammunition, causing numerous explosions and throwing up great clouds of smoke.

Still the battle raged, the irregulars firing fusillades from the windows of the Gresham and the Granville, while the national riflemen replied vigorously from their positions opposite and from armored cars.

Hotel Is Set Afire
Shortly after one o'clock an armored car took up a position opposite the Gresham and poured a hurricane of machine gun fire into the hotel windows. Smoke belched forth quickly followed by a muffled explosion and tongues of flame from the windows, and within half an hour the front of the building was a flaming furnace. The firemen played water on the premises between Gresham and Hammam and saved them in part, but the Gresham was doomed.

While lower floors of this hotel were burning the irregulars continued to fire from the upper windows, but by three o'clock the remnants of the garrison of five men, weary-eyed and blackened, emerged from the rear of the building under the white flag and surrendered.

Other irregulars driven from place to place by the flames took up a position in the Granville, and from points of vantage they directed a brisk fire against the nationals.

Meantime fire broke out opposite in the store next door to the Edinburgh Hotel; Presently a white flag was seen protruding from the door of the Edinburgh and a man stepped forth, holding the flag in one hand and a dress suit case in the other. Behind him walked by three or four persons, mostly women, one of them a white haired woman of 70, all carrying small quantities of luggage. They explained that they had been living in Edinburgh a week, chiefly taking refuge in the cellars, but were forced to leave by the flames in the adjacent store. They were escorted to a place of safety by members of the Red Cross.

IMPROVED BUSINESS CONDITIONS REFLECTED

WASHINGTON, July 5.—Generally improved business conditions in the country are reflected in increased customs receipts—the highest during the past fiscal year for 123 years, according to a statement issued tonight by Assistant Secretary of the Treasury Elmer Dover, in charge of customs.

"The United States customs receipts for the fiscal year just ended," he said, "amount to \$356,443,387, which is an increase of \$48,418,255 over last year's receipts of \$308,025,132, the highest previous year."

PRESIDENT OF PHI DELTA KAPPA
MUNCIE, Ind., July 5.—Robert Kaser, of Sidney Ohio, was elected president of the Phi Delta Kappa fraternity.

BRIEFS

(By The Associated Press)
DANVILLE, Ill., July 5.—Frank "Fatty" Meek, world war veteran, left here last February, asserting he planned to walk to Los Angeles. He undertook the trip merely as a lark, saying he intended to reduce his weight.

ROCKFORD, Ill., July 5.—Accused of embezzlement from the Crumb-Colton Lumber Co., of this city, of which he is secretary and treasurer, Arthur J. Keller is said to have eluded arrest at Lombard, Ill., yesterday and is still being sought by the authorities.

SHELBYVILLE, Ky., July 5.—The body of E. W. Noel, 100, at his death Tuesday, the oldest Mason in Kentucky, today was sent from the old Masons' home here to Cloverport, Ky., his former home for burial beside his wife. He had been a member of the Masonic order for 67 years and the occasion of his one hundredth birthday, last March 31, was widely observed in Kentucky Masonic lodges.

WASHINGTON, July 5.—Appointment of James A. Stader of Joplin, Mo., head of the newly created mineral section of the commerce department was announced today by Secretary Hoover. The activities of the new section, will comprise the promotion of foreign trade in all minerals except oil, coal, iron and metals entering in the manufacture of steel.

CENTRALIA, Ill., July 5.—Z. C. Jennings of this city, pioneer of Marion county, and widely known thruout Southern Illinois died at his home late last night. He was 84 years old and an uncle of William Jennings Bryan.

AURORA, Ill., July 5.—The Chicago and western railroad today announced the announcement of six short run trains in Illinois and one between Chicago and Clinton, Iowa, because of the rail shippers' strike and the coal strike. The short run trains are in northern Illinois.

PEORIA, July 5.—A Rock Island freight car filled with excellent goods which burned Tuesday night while the train was in motion here delayed a Rock Island passenger train from Chicago for 5 hours and caused the re-routing of another train leaving here at 1 o'clock this morning. The car was backed into a siding and Peoria fire apparatus which was summoned, prevented the fire from spreading. Spontaneous combustion is blamed.

SAN FRANCISCO, July 5.—Preserved eggs containing a narcotic were found on the steamer Nanking, according to a report by customs officers here. No attempt had been made to land the eggs.

EUREKA, Calif., July 5.—This city, more than two hundred miles north of San Francisco, was faced with a bread famine today as the result of a fire last night which destroyed the only bakery in the county. Just before the blaze broke out, the bread stock, two thousand loaves, was delivered to the destroyer flotilla in the harbor.

BERLIN, July 5.—Alienists described Grossman as one of the strangest pathological mysteries known to criminology. Most of his victims were lone women whom he seized in the streets in the suburbs of Berlin and dragged to his home at Abode where he maltreated them.

OMAHA, Neb., July 5.—Notice that all striking employees of the Union Pacific System must return to work by Saturday, July 8, or forfeit their pension and seniority rights is contained in an announcement made public tonight by W. M. Jeffers, general manager.

REGINA, Sask., July 5.—Caterpillars have eaten up 50 square miles of forests in the Kipling district near here.

Scarcely a green leaf remains and the district presents the stark appearance of a winter scene, forestry officials say.

PACO PACO, American Samoa, June 20.—The U. S. S. Fortune, said to have been the oldest ship in the American navy, built about 1867, recently was put out of commission here and auctioned.

DES MOINES, Iowa, June 5.—The Chicago, Burlington & Quincy railroad today posted notices at its shops here stating that striking shophmen who returned to work by Monday, July 10, will be treated as if their service had been continuous. If the striking shophmen do not return by June 10, the company states they will lose all seniority rights.

LANDRU'S CAR BRINGS GOOD PRICE
Paris, July 5.—The little two cylinder twenty year old motor truck in which Henri Landru, the "bluebeard of Gambals," executed last February, took his ten women victims out riding and in which he later hauled coal to burn their bodies, was sold at auction by the authorities today to a Paris plumber. The buyer ran the price up from 50 francs to 1,008 francs because he wanted the car as a souvenir.

EDITOR HARDING CONTRIBUTES TO THE MARION STAR

Writes Two Column Editorial on "The Essentials of Success"

(By The Associated Press)
MARION, Ohio, July 5.—President Harding tried his hand today at his old job of writing editorials for the Marion Star.

Today's edition carried a two column editorial signed by "Warren C. Harding." It was headed, "The Essentials to Success," and brought out that honesty, simplicity, industry, capacity and determination "available to all who aspire," are the chief essentials of success.

The text of the editorial follows: "While Marion is celebrating the centennial of the city's founding, it is fine to rejoice in the coming together again, to find happiness in the exchange of sentiments born of home-coming, to recall the pride in things accomplished, and above all else, praise the qualities of men and women who made what we are today. The latter is essential to the preparedness for greater progress in the future."

"Sturdy men pioneered the way to early settlement—and sturdy women, too. They blazed the way of development in Ohio, and sent many of their sons and daughters to the peaceful conquest of the greater west—the Mississippi and Missouri valleys. Resolute and able men made secure the social order here, and simple and courageous men blended determination with genius and made the industrial beginning. They had little of wealth, but they wrought wealth out of opportunity. Only a few knew the struggles, their sacrifices, but honesty, simplicity, industry, capacity and determination are known to have been the chief essentials of their success. These make for success anywhere, and are available to all who aspire."

"Let Marion observe every good lesson of the yesterdays and resolve to go on, adding to the stride in industry and commerce and determination that every enlargement in material growth shall reflect larger progress in the finer attainments which make a community worth while. The fit counterpart to the city of material success is the city of happy homes, ample education, fortunate and profitable employment, worship of God facilitated, a civic conscience and a community soul."

KANSAS MINERS RESOLVE TO WORK

(By The Associated Press)
PITTSBURG, Kans., July 5.—Resolutions to return to work in the Kansas coal mines were adopted at Franklin tonight at a mass meeting of 700 miners favorable to the program of Alexander Howat, deposed president of the district union.

No action was taken at the meeting to determine the wage scale under which the miners will return to work, altho the question was brought up from the floor. The chairman, Louis Brunsell, announced that the wage controversy is a proposition to be brought up later, and that each local union should elect a president and secretary and take up with the officials of the company for which they formerly worked, the proposition of whether they will open the mines.

Brunsell said that since the miners and their officials have been expelled from the United Mine Workers their only recourse for the restoration of autonomy and reinstatement is to return to work.

PLAINS AND TABLE LANDS AT SEA'S BOTTOM

(By The Associated Press)
WASHINGTON, July 5.—Extensive plains and table lands bordered by mountains at the bottom of the sea, some of which lie more than four thousand feet above the plains have been discovered by the navy department thru soundings taken by the Destroyer Stewart with a new sounding device on a cruise just completed from Newport to Gibraltar.

The device, which operates on the principle of timing a reflected echo was perfected by Dr. Harvey C. Hayes, physicist of the engineering experimental station at Annapolis and is expected to revolutionize the piloting and navigation.

WANTS EMPLOYEES TO FORM ASSOCIATION
Peoria, Ill., June 5.—H. D. Page, general agent of the Chicago, Burlington and Quincy railroad today made public an appeal by Hale Holden, president of the road in which he urged the employees to form an association or organization to represent the workers before the railroad labor board "in order that the effectiveness of the transportation act may be maintained."

FIRECRACKER CAUSES DEATH

CLOTURE RULE IS CAUSE OF BITTER FIGHT IN SENATE

Republicans Move to Shut Off Debate on Tariff Measure

(By The Associated Press)
WASHINGTON, July 5.—The Republican for cloture to shut off debate on the administration tariff bill was presented today in the senate. It immediately provoked a bitter fight which promised to consume much of the session tomorrow. Under the rules the issue must come to a vote at noon on Friday.

There were 52 signatures to the petition, or 12 less than the two thirds majority to invoke the existing cloture rule, which would limit debate on the bill to one hour for each senator and preclude the offering of any additional amendments, even by the finance committee majority.

Altho some senators are absent from Washington which absences would cut down the number necessary for a two thirds majority, some of those behind the cloture movement doubted that it would succeed. Senator Lodge, Republican leader, told the senate that if it did not, it then would be for the Republicans to decide if they would lay aside the tariff and fight for a majority cloture rule, or force the senate to resume night sessions as a means of speeding up a final vote on the tariff.

All except eight of the sixty Republicans in the senate signed the petition. Those eight were: La Follette, Norris, Johnson, Moses, Borah, Brandegee, Crow and Weller. Immediately the petition was presented by Chairman McCumber of the finance committee, it brought a protest from Senator Underwood of Alabama, the democratic leader, who said the Democrats had "courteously" consented to the committee's request that its amendments be considered first and that it was not fair for the majority to come in now and propose to take away from the minority their right to propose amendments.

The democratic leader said that every item in the bill was of interest to some business concern of the country; that practically all of them were of interest to the consumers and that the majority should propose some rule which would meet the situation and not merely a gag rule.

"The idea of discussing 1,000 amendments in sixty minutes," he exclaimed, "Gentlemen on the other side had better suggest that we have no further debate."

Senator Robinson, Democrat, Arkansas, in a vigorous speech raised the issue of good faith in the presentation of the petition. Senator Kellogg, Republican, Minnesota, said it took only seven weeks to pass the existing Underwood law and that the senate had been less than one third of it disposed of. Senator Underwood replied that there had been 600 committee amendments to the Underwood law, whereas the committee had made 7,982 changes in the pending bill. Senator Watson, Republican, Indiana, remarked that most of these were changes from American to foreign valuation.

PROBE BEING MADE OF ANONYMOUS LETTER

(By The Associated Press)
CHICAGO, July 5.—An anonymous letter containing the names of several persons in connection with the slaying of a group of non-union miners near Herrin, Ill., recently has been received at the office of Edward Brundage attorney general and its contents are being investigated. It was made known today.

A special grand jury was to be convened at Marion one week today to start an investigation of the killings. At the request of assistants of the attorney general who have had the matter in charge, it is expected that the jury will meet on that day and take a recess, subject to the call of the state's attorney to give time for an investigation of the contents of the letter, which was said to have been written by a woman.

It cost the attorney general's office \$15,000 to investigate the East St. Louis riots and prosecute the offenders an assistant to Mr. Brundage said, and added that the same amount probably would be necessary for an investigation in Williamson county.

DISCOVER MAIL THEFTS AT MEMPHIS

MEMPHIS, Tenn., July 5.—Mail thefts believed by postoffice inspectors to amount to many thousands of dollars which they say have been made here for more than two years, were discovered today when 150 pouches of rifled mail and wrappers of hundreds of missing percelpost packages were found in an abandoned elevator shaft at one of the railroad depots. Five negroes were held and one made a complete confession, officers said.

HOPE FOR SPEEDY SETTLEMENT OF STRIKE IS SEEN

Statements Issued Last Night by Chairman Hooper and B. M. Jewell Seem to Point to This—Both Men Are Now Doing a Little Hedging—Strikers Will Negotiate

(By The Associated Press)
CHICAGO, July 5.—Hope for the speedy settlement of the country wide strike of the railway shophmen was seen tonight in statements issued by Chairman Hooper of the railroad labor board and B. M. Jewell, leader of the shop crafts, who ordered the walkout.

In reply to a letter from Mr. Hooper, which was regarded as conciliatory in tone, Mr. Jewell said the strikers were willing to consider any negotiations with anyone in authority for settlement of the strike.

In railroad circles it was declared that the way had been cleared for a full settlement on the gravest issue—that of contract work—by the agreement on 12 roads at the labor board meeting last Friday to abolish outside contracting.

The first explanation of Mr. Jewell's failure to appear at this meeting was made by him tonight when he said that to have appeared then would have resulted in a moblike suspension of work by the shophmen and possible bloodshed. He said the strike order, already having gone out, and a suspension of work Saturday morning having been sanctioned by locals in all parts of the country, to have made an eleventh hour attempt to avert the walkout would have resulted only in chaos.

Mr. Jewell said intervention of the board had come too late and that the only way to prevent disorders was for him to virtually defy the board and let the rank and file of the six shop crafts organizations involved know that their leaders had their hands on the breaks and were in full control of the situation. Mr. Jewell said he had received no overtures looking to ward a settlement and had made none.

He added that the strike vote was the most representative ever taken but did not give out any total figures.

Hooper Denies Charge.
Mr. Hooper in his letter to Mr. Jewell earlier in the day denied that the latter's charge that the labor board was unfriendly to the employees or that it had "outlawed" the strikers.

"It has only accepted your own statement that the striking men are not now employees of the carriers," the letter said. "It has not used the rasping word 'outlaw' at any time."

After citing numerous instances in which the board has upheld collective bargaining of the carriers' the letter said "the latter added: 'I am yet hopeful that your organizations will recover their equilibrium and discern that it is vastly better for them to go along with the railroad labor board patiently when it makes mistakes, but confidently at all times that it profoundly desires to do justice to the men, the carriers and the public without fear, favor or affection.'"

Mr. Jewell declared his statement was in the nature of an explanation of labor's side and that he was not receding from any of the original demands made upon the railways. "The statement was interpreted in railway circles as clearing a way to settlement by negotiation, the previous understanding being that Mr. Jewell would refuse to deal with the labor board and would insist on negotiations direct with the carriers. As settlement along these lines was difficult because of the roads' insistence that they had no part in the dispute, declaring it was a matter between the government and the strikers."

WARRANT ISSUED FOR BIELASKI'S ARREST

(By The Associated Press)
MEXICO CITY, June 5.—El Universal Grafico this afternoon declares it learns from official sources that an order for the arrest of A. B. Bielaski on a charge of self-abduction was issued today by Guernavaca court. El Mundo asserted that such an order "is about to be issued." Up to late this afternoon the United States embassy had received no advice of an arrest.

Bielaski whose abduction by rebels and subsequent escape were reported last week, was still at liberty this afternoon. The only legal process to which he had been subjected was a summons to appear in court in Mexico City this afternoon and make a complete statement.

The government is continuing its investigation of the case and several arrests already have been made.

SEVERAL HUNDRED STRIKERS RETURN
St. Paul, Minn., July 5.—The fifth day of the shophmen's strike found several hundred strikers returning to their work in the shops of the Twin Cities, railroad officials announced here today.

Union officials countered with the claim that the strike was practically 100 per cent effective.

BITUMINOUS COAL STRIKE SEEMS TO HINGE ON MEETING

Some Action Expected at Meeting to be Held Next Monday

(By The Associated Press)
WASHINGTON, July 5.—While settlement of the bituminous coal strike appeared tonight to hinge on the meeting the operators and miners are expected to have with President Harding next Monday, another conference of the parties to the anthracite situation will be held tomorrow. It was expected that Secretary Fall would again meet the miners' union officials and mine owners representatives, but the expression was that the session might be inconclusive with the result that any action would be held up pending the outcome of the bituminous sessions.

The neither bituminous operators nor the officials of the miners union assembled had power to make binding decisions for their associates, the anthracite conference as summoned by President Harding constituted actually a joint wage negotiating group.

S. D. Warriner, chairman of the general committee of anthracite operators, and Phillip Murray, vice president of the United Mine Workers, led the respective delegations which met Saturday empowered to make a wage settlement, an dare expected to do so again tomorrow. All indications preliminary to the meetings were that the union contingent would offer to negotiate a new wage contract on the general basis of scales existing March 31, while the operators, asking a reduction of wages, would tender arbitration at the hands of President Harding as a means of settling differences.

The bituminous conferees merely have powers to suggest action to their associates in the mining districts and the unions, and have failed to agree on anything for the purpose.

President Harding on his return Saturday will be given full reports from Secretaries Hoover and Davis on what has transpired in the executive gatherings.

CHICAGO MOTORMEN ORDER STRIKE VOTE

(By The Associated Press)
CHICAGO, July 5.—A strike vote of Chicago street car motormen and conductors was ordered today by William Quinlan, president of Division 241 of the Amalgamated Association of Street and Electric Railway Employees, following the rejection of Henry A. Blair, president of the Chicago Surface Lines, of the union's demand for renewal of the present \$0.40 an hour wage contract. The companies contend they are unable to continue the present wage scale because of a fare reduction and proposed a 25 per cent wage slash, which employees' representatives rejected. Balloting will start this week. The reduction amounted to 12 1/2 per cent.

BOY SCOUTS WILL HAVE BENEFIT SHOW
Will Endeavor to Secure Funds For Annual Outing—Will Get Receipts From Show at Grand Friday Night.
For some years the members of Troop Seven Boy Scouts of America of Grace church have each raised sufficient funds by sale of firecrackers, the operation of refreshment stands on holidays and other sources to pay the expenses of the troop for its annual outing.
This year the troop has not had the success of former years. The date for the outing is set for next week. Louis L. Horen who is scoutmaster of the troop consulted with Manager Stanley Wright of the Grand Opera house and Manager Hawk of the Sunshine Revue company which is playing at the Grand this week.
These men generously agreed to give the Scouts the Friday evening performance in order that they might complete their fund and not be disappointed in their outing. The boys will meet with Scoutmaster Horen this evening to sell for the performance Friday night.
The scout movement is one of the greatest ever devised for boys and it is to be hoped that when a scout asks you to purchase tickets that you will not only respond but take several. If you can't use them yourselves give them to your friends. If you do this the scouts will leave for camp Monday morning happy.

THOUSANDS ATTEND BIG CELEBRATION
The only fourth of July celebration in the city was a well attended affair. By the only celebration we refer to that at the Jacksonville State hospital. There were several thousand people present to enjoy the Contortionist, the band, and the numerous other features of the day.
The cars were packed so thick in the grounds that one man wondered whether there was any grass.
The most noteworthy fact of the celebration was the fact that the patients earned every cent of the money for the entertainment themselves.
The people of this city are very lucky that they have an entertainment to attend when they have made no provisions for one themselves.
Edgar Thompson and family were over to the city from Virginia yesterday.

A WESTWARD TOURIST
A short time since J. A. Paschall was about to start on a westward trip when he asked advice of T. M. Tomlinson regarding routes, etc., and Mr. Tomlinson has the following from the gentleman:
June 28 1922.
Dear T. M.:
We arrived here at 11 o'clock last Saturday. Our meter registered 1560 miles on the trip.
Crossed the Illinois river at Florence and at Kinderhook we got back to the Pike's Peak Ocean to Ocean Highway and then followed it to Limon Colo. and it was like parting with a valued friend when we left the "Red and white markings." In general we found the roads fine the steep hills I think we found on this trail was on each side of Bucklin.
Followed the W. P. H. to Denver and thence the Lincoln Highway to Rock Springs, Wyo.
Pindale is a village of about 200 people, the nearest railroad town is Rock Springs, Wyo., 106 miles away. Homer met us at this town and camped the rest of way with us.
This little town is located in the Green River valley. Pine Creek a stream fed by melting mountain snow and lined with pine trees runs near.
A good many trout are being caught in this creek now but residents say this is the season of highest water in those mountain streams and fishing should be better in two or three weeks.
The snow-covered mountains are about 20 miles from here. We drove over to Fremont Lake thence up the mountains considerable distance last Sunday afternoon.
We expect to drive to Yellowstone Park via the new route Hoback Canyon tomorrow about 90 miles from here.
The formal opening of this route will take place July 14-15. There have been extensive preparations for the event here in Pinedale and the visitors expected here at that time are estimated to be from 3,000 to 5,000.
The claim for this route is, good road, magnificent scenery and shorter distance.
Very truly yours,
J. A. PASCHALL.

EXCITING BALL GAME AT WINCHESTER JULY 4
Winchester Team Defeats Alsey By Score of 1 to 0—Other News From Winchester and Vicinity.
Winchester, July 5.—One of the best ball games witnessed here in years was that which was played July 4th between the Winchester and Alsey teams. The final score was 1 to 0, the winning run being scored in the 9th inning with one man out. It was a pitcher's battle from start to finish between Smithson and Halliday, both of whom are players of no small ability. The game was witnessed by a large and enthusiastic crowd.
Fred Cowick is here from the east to commence his work as director of "Kathleen," the musical comedy to be presented here this month.
Samuel Cohagan has taken a position in the postoffice.
The Fourth of July was pleasantly spent by many Winchester people. A number attended the ball game; some went to Smith Lake, others to the Illinois river and still others went to Nichols Park and Jacksonville State hospital at Jacksonville. A large number went to Roodhouse for the celebration there. The stores closed at noon and everyone was given a half holiday.
Chester Lathrop of Chicago was a business visitor here this week.
Mrs. H. D. Trickey and children returned Wednesday to their home in Argenta. The former's brother, Roy Johnson took them home in his car.
Little Lucille Woodall had her tonsils removed Wednesday at a Jacksonville hospital.
Mr. and Mrs. William Dunham of Beardstown are enjoying a few days' visit with the latter's mother, Mrs. Hardin McLaughlin.

Jacksonville Lodge, No. 570, A. F. & A. M.
will hold a stated meeting tonight at 7:30 o'clock. Visiting brethren welcome.

SINCLAIR COUNTRY CLUB
HELD ANNUAL PICNIC
The members of the Sinclair Country club enjoyed their annual picnic Wednesday afternoon at the home of Mrs. Albert Hopper near Sinclair. The members gathered at about 2 o'clock in the afternoon and the guests came several hours later.
The program of the afternoon opened with the roll call, to which members responded with "Memories of Childhood." There were several readings by Miss Dorothy Dunovan of Jacksonville, these adding quite materially to the interest of the program.
At 4:30 o'clock a picnic supper was served on the lawn, the menu including all the good things to eat which usually make up such a feast.
In addition to the husbands of the members, other guests present were Mr. and Mrs. Frank Hunter, Mr. and Mrs. Albert Hopper and son William Hopper.
The program committee included Mrs. Vol Seyler, Mrs. Lester Hart, Mrs. Edward Hargrove and Mrs. N. T. Fox. The domestic committee was made up of Mrs. Charles Bealmear, Mrs. Walter Wheeler, Mrs. Richard Robinson, Misses Irma Fox, Fay Hart and Anna May Wilson.

A WORTHY COMRADE
Comrade E. P. Taylor of Concord visited the city yesterday. Tho 86 years of age he is very well preserved. Some weeks ago he was thrown from a train at Riggs and badly bruised. The conductor was in too big a hurry to get away and started the train while Mr. Taylor was getting off. He served in Co. B, 101st Infantry and saw plenty of hard service and carries an honorable discharge. He is much respected by his friends and neighbors.

OLD JACKSONVILLE WHEN HEROES WERE MADE
(BY ENSLEY MOORE)
Member Illinois State Historical Society
The Fourth of July always reminds us of the men who were brave enough to "do and dare" for their country.
All the heroes are not made in War time; there are great and grand armies of those who have given their lives for mankind in other ways; often more bravely because their noble deeds have been performed singly and with no witnesses or supporting troops or friends.
Illinois Was Fortunate in having so few dangers from Indians in its days of settlement or before. Even when the "the Illinois Country" was taken from the British by Gen. George Rogers Clark, in 1778, the capture of Kaskaskia—great as was the victory in its results—was attended by no bloodshed but the brave Virginians are none the less to be honored that such was the case.
In our Territorial Days Gov. Edwards had to call for some Rangers to meet some troublesome Indians about the year 1814. In some of those early days an Indian was killed in this "Sangamo Country," and from that circumstance Indian Creek got its name.
An Early Custom in all the states from the Revolutionary War, and that of 1812 was to have militia; and their annual mustering days were great ones for the early settlers, for the "soldiers" and for the politicians to air their patriotism, in hopes of official preferment.
This militia system had become a largely-to-be-laughed at matter when the Civil War began and Illinois was very poorly provided for in military organizations.
But in the days of 1812-1815 the frontier wars put the names of William and Samuel Whiteside, James B. Moore, Jacob Short, John Morecock, William and Nathan Boone, William Nelson and Stephen Rector, Nathaniel Journey Willis Hargrave, Jacob and Samuel Judy, Benjamin Stephenson and William C. McHenry prominently among Illinoisans as commanders of companies and regiments. "The records of these times show that they bore themselves with most distinguished bravery and heroism," says Judge Moses, in his History of Illinois.
The Winnebago War was a small affair and practically all a scare, in 1827. But Governor Edwards called out the troops, and a regiment was raised in Sangamon and Morgan counties under command of Col. Thomas M. Neeley and ordered into the field. The excitement soon blew over.
The event of most interest to the people during Gov. Reynolds' administration was the disturbance familiarly known as: The Black Hawk War; and of all the many Indian embroilments none have occupied so large a place in history, or been more unduly magnified, says Moses.
Eight thousand volunteers were called to co-operate with fifteen hundred soldiers of the Regular army, in expelling from the state a band of about four hundred Indians, with their women and children, at a cost of millions of money, and three months of time, and the loss of over a thousand lives. The War was up around Rock Island, then a largely uninhabited part of the state, in the early '30's, Joseph Duncan was a general, and Enoch C. March was one of his aides.
Volunteers rendezoused at Beardstown, then in Morgan county, April 16, 1832, making up four regiments, two or three battalions of "Spry and Foot," Judge William Thomas was a quartermaster and Murray McConnell a staff officer, from here. Another proclamation called for more troops.
Among the officers of these were Col. S. T. Mathews and Lt. Col. James Gilliam, Adjt. William Weatherford and Capt. Cyrus Mathews from here.
This War was notable for the afterwards distinguished Regular and Volunteer officers who were engaged in it. There were Winfield Scott, Zachary Taylor, Lieut. Robert Anderson, Capt. Abraham Lincoln, and Jefferson Davis of the Regulars.
Lincoln was mustered out as a captain, with others, and re-enlisted as a private.
The war soon ended, but a number of soldiers, settlers and Indians were killed, and Black Hawk captured.
The Mormon War. Illinois enjoyed peace, except from politicians, until the gathering of Mormons at Nauvoo became the excuse for sending soldiers there in 1844. Col. William J. Wyatt was one of the volunteers from here. This trouble ended with the death of Joseph

ABSTRACT COMPANIES WILL FORM MERGER

Morgan County Abstract Company and Merrill Abstract Company Will Soon Be United as One Concern.

Announcement was made last night that a merger had been agreed upon between Mrs. Ellen R. Merrill and George H. Bussey, owners of the Merrill Abstract company, and M. C. Hook and Earl M. Spink, the new owners of the Morgan County Abstract and Title company, whereby these two Jacksonville abstract companies are to be united into one concern.

The actual merger of these two businesses will not take place immediately but will be made as soon as final plans can be consummated. Meanwhile each concern will continue to be operated individually in its present location. When combined the present owners will retain their respective interests.

The Morgan County Abstract and Title company is a continuation of the business established in 1865, by the late Judge E. P. Kirby which was purchased by Walter and A. F. Ayers in 1908, along with the abstract business of the late E. M. Kinman. This business was only recently purchased by the present owners.

The Merrill Abstract company was started in 1908 by the late George L. Merrill and since his death has been under the management of its present owners, Mrs. Merrill and George H. Bussey.

The owners of the two companies feel that the proposed merger will give the county better service in the handling of abstracts.

FINDS BALLOON.

DISARMAMENT PLAN APPROVED BY COMMISSION

Lord Robert Cecil's Plan Brings World Disarmament Nearer

(By The Associated Press)
PARIS, July 5.—World disarmament was declared by Lord Robert Cecil to have been brought definitely nearer today by the action of a sub-committee of the temporary mixed commission on disarmament of the league of nations in approving his plan for armament reduction. The measure provides for a general reduction of air and land forces under the supervision of the league of nations, as well as for continental alliances against aggression.

The sub-committee formally approved Lord Robert's plan and sent it back to the full commission. It is taken for granted that the commission will ratify the recommendation in its final session tomorrow.

The full commission yesterday approved the British plan for extending the Washington naval accord to all nations. Thus, the league assembly at its September meeting, will have before it a definite program for world reduction in armaments and navies.

During today's discussion of land disarmament a French delegate said his government would want definite provisions in the agreements, so it would be known

exactly what the country could depend upon in case of need. The Japanese member of the sub-committee approved the general terms of the plan but declared he did not believe alliances should be limited to continents, which point he illustrated by giving instances where forces from many countries have been used together, as in the World War.

Lord Robert Cecil explained that no one would be barred from aiding a country which had been attacked but the continental agreement simply limited the obligations of each country. All countries would be free to enter a defensive war, if they wished. Hjalmar Branting, Swedish member of the smaller nations, expressed the view that they did not favor any further military obligations, and suggested that any reform must be slow and cautious. Lord Robert agreed that the treaty must be drafted carefully.

The Jugo-Slav member suggested that defensive alliances should be made between neighboring states. This idea met with general disapproval.

VIVIANI MAKES ELOQUENT PLEA FOR POINCARÉ

Defends Him from Attack of Communist in Chamber of Deputies

(By The Associated Press)
PARIS, July 5.—M. Viviani stamped the chamber of deputies into a wild outburst of approval of Premier Poincaré today during the course of a debate on "the responsibility for the war." This was the culmination of the long threatened attack on the premier precipitated by yesterday's scene between M. Poincaré and M. Vialant-Couturier, when the communist deputy made reference to a photograph showing the premier and the American ambassador, Myron T. Herrick, smiling while passing thru the Verdun cemetery.

M. Viviani interrupted a long and dreary reading of newspaper clippings and diplomatic messages by the communist designed to show that M. Poincaré was responsible for the war, and exclaimed:

"If anyone is responsible for the war it was I. I was head of the government. I took whatever action was taken, and I acted in perfect accord with M. Poincaré (then president). I was in touch with him and in agreement with him when he was at St. Petersburg."

This was an allusion to M. Poincaré's visit as president to the Emperor Nicholas.

The deputies jumped to their feet, waving their arms wildly and M. Poincaré rushed to M. Viviani and kissed him on both cheeks. Others embraced the premier and the ex-premier and for several minutes there was great enthusiasm.

M. Viviani pleaded with the communist deputy to return to "the sacred union" observed during the war, when all parties buried the political hatchet. His eloquence so moved the deputies that they stood in silence as a mark of admiration.

It was the premier's second victory of the day over the communist, as the chamber earlier in the day voted confidence in the government 507 to 64, on a minor interpellation relative to the suppression of communist activities at Tunis.

STRIKING SHOPMEN ARE HOLDING THE SHOPS AT SLATER

Drive Out Strike Breakers and Establish Dead Line

(By The Associated Press)
SLATER, Mo., July 5.—Striking shopmen, comprising between 60 and 70 percent of this town's population and including a majority of the city officials, held the Chicago and Alton railroad shops tonight and patroled the town. After driving 18 strikebreakers from the shops, taking them to the edge of the town and telling them to "beat it" the strike sympathizers found 10 more tonight in a foreman's car on the railroad yards, and placed them on Chicago & Alton train No. 10 for Chicago.

All trains passing through Slater tonight were searched for strikebreakers. A force of 150 to 200 strikers held the station platform, and others were posted at various parts of the yards. A dead line had been established around the railroad shops beyond which no stranger could go in approaching the shops.

Thomas J. Gaullin, mayor of Slater, a clerk in the shops, said that as far as he knew, there had been no violence in connection with the occupation of the shops by the strikers, or in sending the strike breakers out of town. He admitted that he had not been present and that he heard that some of the strike breakers had been "cussed at and a little."

One of the strikebreakers reported tonight wore a bandage wrapped around his head as he was led on board the Chicago train. Union men said he had fallen into one of the repair pits because of excitement when he saw the strikers enter the shops. Leo Winkler head of the shopmen's union said there had been no violence.

Mayor Refuses Officers.

The mayor said railroad officials had asked him today for special officers to protect property but that he had refused to act because that would be to anticipate trouble and he did not believe there was going to be any violence.

Sheriff Legsdon was in Slater tonight from Marshall, the county seat. He said that he had spoken to Governor Hyde over the telephone and the governor had said he did not believe it necessary to send troops.

The sheriff told the Associated Press correspondent that he would not be able to control the situation should any trouble develop. He explained that he had only two deputies and one office man as assistants, and that although the governor had suggested to swear in special deputies for the emergency, he had not been able to find anyone willing to serve.

Some men on the streets tonight think that violence is sure to follow any attempt by the railroad to operate its shops. All are agreed that operation will not be allowed. The town is in accord on that point. The townspeople say it will be the railroad's fault if strike breakers are brought in to run the shops and trouble develops.

DOG BRINGS FORMER OWNER ACROSS COUNTRY

(By The Associated Press)

NEW YORK, July 5.—A wandering "boy," who in this case happened to be a collie dog so named, brought Edwin Rayfield, a Los Angeles business man, from California to the witness stand in a Brooklyn court today. Rayfield identified the dog as one he had bought while in the naval service at Pelham, Samuel Lansman of Brooklyn, had charged Rayfield's mother with larceny, claiming she was withholding the dog, which had run away after he bought it from a dealer. "Boy," wandered from the Rayfield home in Brooklyn last March, Rayfield's sister said, and was missing until May, when she saw him, called him, and he accompanied her home. The charge of larceny against Mrs. Rayfield was dismissed.

There is Strength in Every Tablet

One dose often helps combine to enrich your blood and revitalize your worn-out exhausted nerves. Nuxated Iron is a newer form of iron, like the iron in your blood and like the iron in spinach. It is so prepared that it will not injure the teeth nor disturb the stomach. It is ready for almost immediate absorption and assimilation by the blood while some physicians claim metallic iron which people usually take is not absorbed at all. If you are not strong or well you owe it to yourself to make the following test: See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of Nuxated Iron—three times per day, after meals for two weeks. Then test your strength again and see how much you have gained. Nuxated Iron is sold under an absolute guarantee that your money will be refunded if you do not obtain perfectly satisfactory results. For sale in this city by

Siberian Veteran Relates Experience

Clarence Richards of Liberty, Ky., is visiting his uncle, proprietor of Dick's Place on South Main street.

June 8, 1918, the gentleman enlisted in the Twenty-seventh U. S. infantry and after serving in various places in this country was sent Sept. 6 along with the Twenty-first and Twenty-seventh infantry to Siberia, where he remained until March 10 of the following year. The gentleman gives a graphic picture of conditions in that inhospitable country.

They were stationed at Bersovsk in quarters formerly occupied by the regular Russian army. There they had the duty principally along with the troops of the Czech-Slovakia, French, British and Japanese, of guarding the Chinese Eastern railroad. The quarters occupied were warmed with a brick stove used by the Russians. Wood was their fuel, and while the stove was slow to heat it retains heat a long time. Their provisions, he says, were as good as it was possible to supply, and while they had nothing to spare owing to the difficulty of transportation, their wants were well looked after. Their principal duties were scouting and patrolling, although owing to the intense cold they could be out but a comparatively short time.

He said he had seen the mercury in the thermometer drop to 80 degrees below, and frozen ears, fingers and feet were frequent.

They had one exciting battle at Posalskaga the 10th of September, 1920, against the troops of General Semenov. The battle was short but decisive and the boys showed their usual valor and dash, making short work of the enemy and capturing a good bunch of them. One very hard feature of the time spent there was witnessing the sufferings of abandoned Russian children. The

soldiers could spare little or nothing of their own rations, although with great tenderness of heart they did share what they could.

Mr. Richards saw many extremes. March 10, 1921, his command was ordered to Manila, where measures against heat instead of cold were in order. At Manila they were stationed in the Cuartel de Espana, where their duties were not very severe as they were making up for hardships endured in Siberia.

Dec. 15 they were sent to Honolulu and ordered to the Schofield barracks, 35 miles from the city. There they occupied their time largely in drilling, also in the construction of new quarters. The time there was pleasantly spent as the surroundings were agreeable and conditions generally desirable.

June 20 his command landed in San Francisco and he received his honorable discharge June 30, and is now on his way home to the Blue Grass state, visiting here for a short time.

Mr. Richards is a fine looking soldier, his military bearing is splendid and he shows evidence of an excellent character. With true soldierly instinct he is slow to talk very much, but like everyone else who has been on the ground, gives a gloomy report of conditions in Russia. He considers it a land of almost unlimited resources but the oppression of 250 years caused the masses unwisely to kill or banish the very ones who alone could lead them to better conditions, and having destroyed their property also they are now in a situation that is truly deplorable, with no national cohesion or spirit, scanty intelligence and unprincipled men at the head of affairs, trying a form of government which can only end in disaster.

JOHN MINTER OBSERVES BIRTHDAY

The anniversary of the birth of the United States and that of the birth of John Minter occur the same day, and on this occasion the gentleman received a number of tokens from various friends, cards and a sack of Rocky Mountain flour from friends in the West.

Mr. Minter was 80 years old July 4, born in Blaufelden, Germany, and came to this country when 11 years of age. He spent a large part of the time in farming in Morgan and Sangamon county. He also for some time carried on a coopering shop on the northeast corner of Sandy and North streets.

Mr. Minter enlisted in Battery F, First Illinois artillery, and served for three years. At Atlanta his battery was almost annihilated although he was spared and transferred to another for the rest of his term of service.

It was during his service that he made the famous long shot with his cannon. In a thicket a mile or more distant the rebels had a masked gun with which they were doing considerable execution. John trained his piece on the rebel and the second shot sent the rebel artillery flying into the air. General Osterholt witnessed the performance, and with language more forceful than elegant declared it "miraculous," repeating it several times.

It was 46 years ago that he married Mrs. Claus and was a father to her two boys, Jacob and David, who regard him with the most kindly affection and reverence. Although four score years old, Mr. Minter still is quite vigorous and active and bids fair to meet with Matt Star Post for some years to come.

FORMER RESIDENT IS MARRIED IN THE WEST

Clarence Cullimore and Miss Rosemary Tholen United in Marriage at Berkeley, Calif.

A number of local residents will be interested in knowing of the marriage of Clarence Cullimore of Bakersfield, Calif., and Miss Rosemary Tholen of Carroll, Ia. The groom is a son of the late Dr. Thomas Cullimore, who was a prominent physician in this city prior to his death fifteen years ago.

The ceremony took place on June 29 at Berkeley, Calif., Rev. Father Towey officiating in the double ring service. The bride was attended by Miss Mabel McGrath, a college mate of Berkeley. The groomsmen were Dwight M. Griffith, an intimate friend of the groom for the past twelve years.

Mrs. Cullimore taught English in the Kern county Union high school near Bakersfield during the past year. She was graduated from the University of California

with the class of 1919 and was a member of the Theta Epsilon sorority.

The groom graduated from California University in 1916 and since that time has been connected with the Kern county high school. He is at present head of the draft department. During the world war he served for two years as first lieutenant of infantry.

Mr. and Mrs. Cullimore will spend their honeymoon in the High Sierras on the upper Kings river. They will be at home to their friends after October 1, at their new home, 16 Oleander Ave., Laguna square, Bakersfield, Calif.

Rev. T. F. McGrath, Rector of Iliopolis Church, Returns Home After Trip to Europe, Asia and Africa.

Many local people will be interested in knowing that Rev. T. F. McGrath has returned to his home in Iliopolis after a tour of Europe, Asia and Africa which covered a period of several months. Rev. Father McGrath is a brother of Mrs. J. W. Merrigan of this city and spent his early life here. The following article with reference to his trip is taken from the State Center Record of Iliopolis:

"Rev. T. F. McGrath, rector of the Church of the Visitation in Iliopolis and St. Ann's church in Niantic, arrived home Wednesday evening from a tour of various points of interest in Europe, Asia and Africa. He had been gone since February 14.

"After stopping at the Madeira Islands on the way east the party of which Rev. McGrath was a member toured the Mediterranean Sea, the vessel which carried them touching at some of the principal ports. Rev. McGrath next traveled thru the Holy Land, visiting Jerusalem and other points of Biblical interest. On the return trip he spent the Easter season at Rome, where he formerly attended college, and took in other points of interest in Italy. Then he journeyed thru France, Germany, Belgium, England, Scotland and Ireland, visiting relatives in the last named country.

He states that France is still suffering greatly from the effects of the World War but that Germany appears to be enjoying more prosperity than any of the other countries which he visited.

Altho he greatly enjoyed the trip, a decided gain in flesh indicating that his health was benefited by his travels, Rev. McGrath states that he was very glad to get back, there being "no place like home."

RURAL CARRIER EXAMINATION

The United States Civil Service Commission has announced an examination to be held at Jacksonville, Ill., on Aug. 12, 1922, to fill the position of rural carrier at Bluffs and vacancies that may later occur on rural routes from that post office. The salary of a rural carrier on a standard daily wagon route of 24 miles is \$1,800 per annum, with an additional \$30 per mile per annum for each mile or major fraction thereof in excess of 24 miles. The salary on motor routes ranges from \$2,450 to \$2,600 per annum, according to length. Separate examinations for motor routes and wagon routes are no longer held. Appointments to both positions will be made from the same register. The examinations will be open only to citizens who are actually domiciled in the territory of the Post Office where the vacancy exists and who meet the other requirements set forth in Form 1977. Both men and women, if qualified may enter this examination, but appointing officers have the legal right to specify the sex desired in requesting certification of eligibles. Women will not be considered for rural carrier appointment unless they are the widows of U. S. soldiers, sailors, or marines, or the wives of U. S. soldiers, sailors or marines who are physically disqualified for examination by reason of injuries received in the line of military duty. Form 1977 and application blanks may be obtained from the office mentioned above or from the United States Civil Service Commission at Washington, D. C. Applications should be forwarded to the Commission at Washington, D. C., at the earliest practicable date.

E. M. Chrisman of the vicinity of Merritt threshed the wheat on nine acres a short time since and the yield was 15 bushels to the acre of a good quality of grain.

MELVIN SMITH RECEIVES INJURY

Melvin Smith, chief painter at Jacksonville State Hospital, had a very unfortunate accident Tuesday evening. He was setting off the fireworks at the hospital and had lighted a rocket. He backed away about 20 feet so as to be clear of the missile. But the rocket went wild and came straight for Smith striking him on the jaw.

He was rushed to the infirmary and first aid given. Tetanus antitoxin was given and the wound bound up. Mr. Smith was not so seriously injured as might be imagined, his face and jaw being burned considerably. He was not at work yesterday but will be on the job again before long.

AUTOMOTIVE MEN PLAN FOR DANCE

All in Readiness for Big Event Next Tuesday—Will Also Have Auto Show at County Fair.

The Jacksonville Automotive Dealers Association held its regular monthly meeting at the Dunlap hotel Wednesday night and completed plans for several interesting events, and that they will be splendid successes is assured by the fact that everything this association gets behind goes thru with a whoop.

The principal event will be the big outdoor dance and general good time planned for next Tuesday night July 11, eight to twelve o'clock, in the Jacksonville State Hospital grounds the use of which has been so cordially granted to the association by Dr. E. L. Hill, manager of the institution. Several large regular dance platforms will be joined together making one huge floor.

Special lighting will be arranged for. Splendid and frequent music will be furnished by one of Jacksonville's best orchestras so that those desiring to trip the light fantastic out in the open will be fully gratified. Arrangements are being made to take good care of the hungry and thirsty and those who wish to smoke and just look on and watch the fun.

This entertainment is being given by the auto dealers to raise sufficient funds to equip one room in the new annex to Our Saviour's Hospital, a most worthy cause.

The executive committee having general charge of the affair is: J. G. Berger, chairman, F. Claus, W. J. Houston and Ralph Withee.

C. M. Strawn will have entire charge of the dance, including music.

R. T. Cassell will have charge of the smokers' concession and W. A. Fay and E. A. Olds the publicity. The general committee will arrange for other concessions during the week.

Will Attend Bridge Opening

A communication from the Commercial Association of Meredosia, signed by F. L. Berger, mayor of the city as chairman, extending a hearty invitation to the association to be present at the inauguration and celebration of the opening of the newly made wagon and auto bridge across the river at Meredosia July 12.

The association voted to attend in a body and instructed E. L. Deppie to communicate this fact to Mayor Berger, and to also ask if it would not be possible to arrange for a boat excursion from Meredosia to Griggsville Landing and return the evening of the celebration. If this can be arranged it will greatly enhance the pleasure of the day.

Harold Wash, as secretary of the Morgan County Fair association, was present to ask the dealers to hold a miniature auto show at the fair grounds. This idea met with instant favor and plans will be made to erect a tent at least 70 x 110 feet for the auto dealers use.

Preceding the business session those present enjoyed one of Jack Rule's fine fried chicken "niggers" and a delicious dinner in the private dining-room of the hotel.

SIMPLE APPLICATION
THAT DISSOLVES
BLACKHEADS

No more squeezing and pinching
to get rid of those unsightly blem-
ishes, blackheads. There is one
simple, safe and sure way to get
them out and that is to dissolve
them. To do this just get about
two ounces of calomel powder from
your druggist—sprinkle a little on
a hot, wet sponge—rub briskly over
the blackheads for a few seconds—
wash the parts and every blackhead
will be gone.

Pinching and squeezing out black-
heads make large pores and you
cannot get all of the blackheads out
this way—while this simple appli-
cation of calomel powder and water
dissolves every particle of them and
leaves the skin and pores in their
natural condition. Any druggist
will sell you the calomel powder
and about two ounces will be all you
will ever need.

wrecking the residence on North
Main street last week to make way
for the new high school building.
From now on Mr. Griswold will
devote individual attention to the
new library building on Whiteside
park. The library trustees have
called a meeting for Monday even-
ing, and by Wednesday an archi-
tect expects to have plans and
specifications in the hands of Mr.
Griswold, so that construction
work can start immediately. All
interested parties are anxious to
provide a memorial that will be a

in turn will bring corresponding
pride and satisfaction to the donor
Mr. Griswold.

Observance on the Fourth of
July by the people of White Hall
was a free-for-all, and the
growing custom of family picnic
gatherings was a large feature
of the day, while many people
attended the celebration and fish-
ery being put on by the Hawkins
Concert Band at Roodhouse.

News Notes.
Mrs. Pierce Wilfong, while
cleaning a rifle last Friday even-
ing was shot through the instep
of the right foot by the accidental
discharge of the weapon. Serious
consequences were for a time feared,
but it is now evident that the
wound will heal in a most satisfac-
tory way.

Mrs. I. J. Green and three chil-
dren are here from Davenport, Ia.,
while her husband is in Montana
on banking business for the Day-
enport institution with which he
is connected. The visitors are
guests of Mrs. Green's mother,
Mrs. Caddie Chapin, on North
Main street.

John A. Wright left Sunday for

his wife, who has been there for
some time, and they will return
together.

Mr. and Mrs. Alfred Nash came
down from Pekin to remain over
the Fourth with his parents, Mr.
and Mrs. Albert Nash.

John A. McIver was down from
Roodhouse Saturday on business
for the ice plant there, of which
he is superintendent. All the
White Hall supply comes from the
Roodhouse plant.

C. C. Withrow leaves Wednes-
day for Montana on a visit to his
son Lewis at Legg, expecting to be
absent a month or more. His
place at the interlocking plant
will be filled by Fred H. Ran-
dolph of Greene Valley, Illinois.

Seth N. Griswold has donated
a portion of his private library
and it has been delivered to the
librarian, Miss Nell Strang, who
will probably list the volumes be-
fore giving out an invoice of the
donation.

Patriotic Services Held.
Patriotic services were held in
Princess theater Sunday night by
the congregation of the First Baptist
church, and there was a large
attendance. Brook's band played
on Main street just prior to the
opening of the service and then
took a position on the stage for a
number of selections. Upon their
retirement a large mixed chorus
took the position vacated by the
band, rendering appropriate num-
bers during the remainder of the
evening in an artistic way. There
was a saxophone solo by Hugh
Greer and a vocal solo by Wayne
Knox, home from school duty at
Wesleyan University, Bloomington.
The address by Pastor L. E.
Ellison was an especially fine ef-
fort. It was a patriotic sermon on
Americanism and the wonderful
history attendant upon the devel-
opment of these United States.

The First Baptist congregation
holds all Sunday services in
Princess theater while the church
building is undergoing enlarge-
ment. The basement was com-
pleted last week and work on the
foundation is expected to begin
this week.

they begin to bind together so that
the opening closes naturally and
the need of a support or truss or
appliance is then done away with.
Don't neglect to send for this free
trial. Even if your rupture doesn't
bother you what is the use of
wearing supports all your life?
Why suffer this nuisance? Why
run the risk of gangrene and such
dangers from a small and inno-
cent little rupture, the kind that
has thrown thousands on the op-
erating table? A host of men and
women are daily running such
risk because their ruptures do not
hurt nor prevent them from get-

NEWS OF THE SPORT WORLD

DEES WIN GAME FROM MURRAYVILLE

ated Old Time Rivals by Score of 9 to 7—Game Was Marked by Hard Hitting by Both Teams.

Harry Clark formerly of Virden now pasturing with the home team, was the hero of the game when the Indies and Murrayville met at South Side Park Fourth July afternoon.

In the sixth inning with the tie at three all, two down, Rush on first, Clark caught of Kitter's alley balls on the left of his trusty bludgeon and he it a ride into the wheat field left for three sacks putting the one run to the good.

In the seventh with the bases full as a man with a million of sunshine aboard, Clark again soared on the scene. As he came down two men were down. This Kitter got two strikes on Clark he only needed one. That he drove to left. Rousey just able to touch it with the end of his gloved fingers and it continued its journey to the wheat field where three runs faded across the pan.

It was fortunate that he got it hit, however, as the Murrayville boys were still full of fight

and came near tying the score in their half of the ninth.

The game was witnessed by the largest crowd of the season, nearly every body in Murrayville coming up for the game. This contingent, with the assistance of a large number of fans who seem to want to see the home team lose, outrooted the local fans who are loyal to the team.

Kitter was opposed to Vaught an old time pitcher who looked to be older even, than Seth Dove. Vaught had something on the ball however, and got away pretty well. But when Murrayville did to hitting she got her bingles in bunches.

Kitter struck out eight and walked four while Vaught struck out seven and walked three. Three of Kitter's walks resulted in runs while only one of those handed out by Vaught made the circuit.

Ruble's Work Brilliant

Some brilliant fielding marked the contest. Dick Ruble made two phenomenal stops. One off Vaught in the fifth was as good a piece of work as one would see in the big league while the other off of Dickason in the eighth was also a fine bit of fielding. Tom Doyle caught an excellent game for Murrayville as Kitter was wild and kept the veteran jumping all afternoon.

For the Indies Clark again

caught a good game while Rush in left field had a busy day. Hap DeFratres at third also did some good fielding while Hamm's great peg to the pan ripping W. Wright in the ninth probably kept Murrayville from tying the score.

The Indies were first to score. In the second Rush beat out a hit down the third base line. He stole second while Seymour was striking out, took third on Clark's single and scored on a wild throw by Doyle. Two more came in the fifth. With two down Dickason dropped a Texas leaguer back of short. He was safe at second when Ruble dropped Doyle's throw. Wheeler singled into right field and Dickason scored. Wheeler struck second on the throw to the plate. Hamm singled to center and Wheeler went home, sliding under Doyle who had to go up in the air after Jones' peg.

Visitors Tie Score

Murrayville tied the score in her half of the sixth. Denny first up walked. He took second on Wright's single. Ruble hit one to deep center for three sacks scoring both runners. Ruble scored when Wheeler lost Doyle's grounder. Dawson and Davis filed out and Rousey struck out.

The Indies untied the count in her half of the sixth on Ruble's error of Rush's roller and Clark's triple to deep left.

In the seventh Murrayville again tied the score. Jones doubled to right and went clear home when Dickason missed Kitter's grounder. The next three men went out in order.

The Indies got busy in their half of the ninth and scored five runs off of two hits, Dickason and Wheeler walked. Hamm fouled out to Dawson. Christopher singled to center and both runners scored. Christopher took second on the throw to the plate. DeFratres was safe on Denny's error. Both advanced on Rush's sacrifice fly to Davis. Seymour walked filling the sacks. Clark doubled to left cleaning the bases. Vaught was out Kitter to Dawson.

Murrayville made a determined attack in the ninth. Singles by Jones, Kitter, Denny, W. Wright and Doyle with two fielders' choices and a stolen base scored three runs before the side was retired.

WEATHER CONDITIONS

HAS BEARISH INFLUENCE
By Associated Press.

CHICAGO, July 5.—Auspicious
weather conditions both sides of
the Canadian boundary in the
spring crop belt had a bearish in-
fluence today on the wheat mar-
ket here, and so did late reports
from Minneapolis that flour busi-
ness had been cut in two. Prices
closed nervous at the same as
Monday's, with a 1 cent lower
with September \$1.15 to \$1.16;
and December \$1.15 to \$1.16.
Corn gained ¼¢ to ½¢, and oats
a shade to ¼¢. In provisions, the
outcome was 12¢ to 42¢ decline.
Wheat fluctuated rapidly with-
in a range of about 1½¢ but aver-
aged lower. Despite a strong
rally after an early break, the
selling side had the advantage
through the greater part of the
day largely because little was
heard regarding black rust in the
northwest, temperatures gener-
ally being against its rapid devel-
opment. A leading crop expert was
quoted to the effect that the fore-
ness of the rust had improved
crop chances.

Export demand for wheat was
described as slow except that a
little business was done with
Great Britain. Nevertheless, New
Orleans was outbidding Chicago
2½¢ at 3¢ for new wheat at vari-
ous points in Illinois and was get-
ting the bulk of light country of-
ferings in the west and south-
west. Supplies on ocean passage
showed an increase of 3,656,000
bushels for last week, and a
break in foreign exchange rates
tended to restrict purchasing for
Europe.

Prices for corn and oats dis-
played considerable strength.

Need of rain in important corn
producing territory was noted,
and some export buying of corn
was done here.

Provisions responded to
changes in the hog market, de-
clining when hog values lost an
early advance.

Health is wealth itself—
and depends more upon the selection of proper food than upon anything else.
The reason is simple—the right kind of food digests promptly and is absorbed into the blood for building sound tissue; while food that digests slowly may ferment and lead to serious conditions.
Grape-Nuts—the delicious cereal food made from whole wheat flour and malted barley—is so easy to digest that even delicate people and young children thrive on it.
This is only natural, because Grape-Nuts is baked for 20 hours, which transforms and partially pre-digests the starch elements, resulting in easy digestion and quick assimilation.
Served with milk or cream Grape-Nuts is a complete food—and along with its nutritive qualities is that wonderful flavor!

Vacation Time-- Accident Time
Are you going to take a trip this summer? If so, beware of the accidents. From now on the papers will begin to chronicle the accidents, which will increase in number as the season goes on. Summer time, vacation time, always means more accidents.
A little, old accident policy costing a very few dollars, will give you a great big amount of satisfaction, in knowing that if something slips up on your blind side, your policy will pay the doctor, the hospital, and maybe the undertaker.
These policies cover any ordinary injury and can be bought for a short term or a long term, to cover your trip. A telephone call will bring you the information you want.
